

Electric Step-Through Scooter with Luggage Rack

This electric scooter has a step-through frame, which allows for easy mounting and dismounting. It is also equipped with front and rear lights, a rearview mirror, and a luggage rack.

Overview

Designed for Efficiency and Comfort

This electric step-through scooter is engineered for urban mobility, combining a sleek, modern aesthetic with practical utility. The low-frame design ensures easy mounting and dismounting, making it an ideal choice for daily commuting or light cargo transport. Equipped with essential safety features and a built-in luggage rack, it offers a reliable solution for professional and personal navigation.
