

Electric Step-Through Scooter with Rear Storage

This electric scooter is designed with a step-through frame and a rear storage compartment. It is equipped with standard scooter components, making it suitable for urban commuting and short trips.

Overview

Urban Commuter Solution

This electric step-through scooter is engineered for efficient urban commuting and short-distance travel. Featuring a distinctive yellow and silver color scheme and a convenient rear storage compartment, it balances utility with modern design. The step-through frame ensures easy mounting and dismounting, making it an ideal choice for daily navigation.
