

Electric Step-Through Scooter with Storage

This electric scooter has a step-through frame and a rear storage compartment. It is equipped with a motor and battery system for electric propulsion.

Overview

Efficient Urban Mobility

This electric step-through scooter is designed for convenient and agile urban transportation. Featuring a user-friendly step-through frame, it ensures easy mounting and dismounting for riders of all types. The integrated rear storage compartment adds practical utility for daily commuting or delivery tasks, while the robust electric motor provides reliable propulsion.
