

Electric Table Fan with Adjustable Speed

This electric fan is designed for household air circulation and ventilation. It features adjustable speed settings and a three-blade design enclosed within a safety grill.

Product Overview

High-Efficiency Air Circulation

The FT-40D is a versatile electric fan engineered for optimal air circulation and ventilation in both residential and office environments. Featuring a robust three-blade design protected by a safety grill, this unit ensures reliable performance and consistent airflow. Its durable construction and adjustable speed controls provide users with customizable cooling solutions for various indoor settings.
