

Electric Tea Maker Set with Kettle, Teapot, and Warmer

This electric tea maker set features a stainless steel kettle, a glass teapot with a stainless steel infuser, and a warming base. It is designed for heating water and brewing tea at a controlled temperature.

Product Overview

Premium Electric Tea Maker Set

This sophisticated electric tea maker set combines functionality and modern design, featuring a 1.7L electric kettle and a 1.5L teapot with an integrated infuser. Equipped with a sensitive touch digital interface and a tempered glass tray, it offers precise control for brewing the perfect cup of tea. Its transparent water gauge and durable construction make it an ideal addition for professional tea service environments.
