Product Overview

Precision Tile Cutting Solution

This professional-grade electric tile cutter is engineered for precise and efficient processing of ceramic, porcelain, and stone tiles. It features a robust 800W motor paired with an integrated water pump system to ensure dust-free operation and extended blade longevity. Designed for versatility and ease of use, the machine includes height-adjustable head settings for slot cutting, reliable sliding rails, and integrated clamps for secure workpiece stabilization.

Max Cutting Length

30 mm

Max Cutting Depth

Technical Specifications

Cutting Capabilities

- Bevel adjustment 0° to 45°
- Slot cutting capable
- Blade size Ø200 x Ø25.4mm

Electrical Requirements

230V~50Hz, IP54 Protection

Logistics and Dimensions

Container Load Capacity

Container Type	Capacity (Units)
20' Container	72
40' Container	168
40' HQ Container	210

Physical Specs

- Product Dimensions: 1165 x 700 x 890 mm
- Packaging Dimensions: 1190 x 540 x 480 mm
- Weight (Net/Gross): 38 / 43 kg
