Overview

Compact Urban Mobility

This EEC-certified electric tricycle is designed as a practical three-wheeled solution for efficient urban commuting. Featuring an enclosed cabin and seating for two, it provides a stable and weather-protected alternative for personal transportation. Its 1500W electric motor delivers reliable performance for short-distance travel while maintaining emission-free operation.

Performance

Key Performance Indicators

1500 W

Motor Power

50 km

Max Range

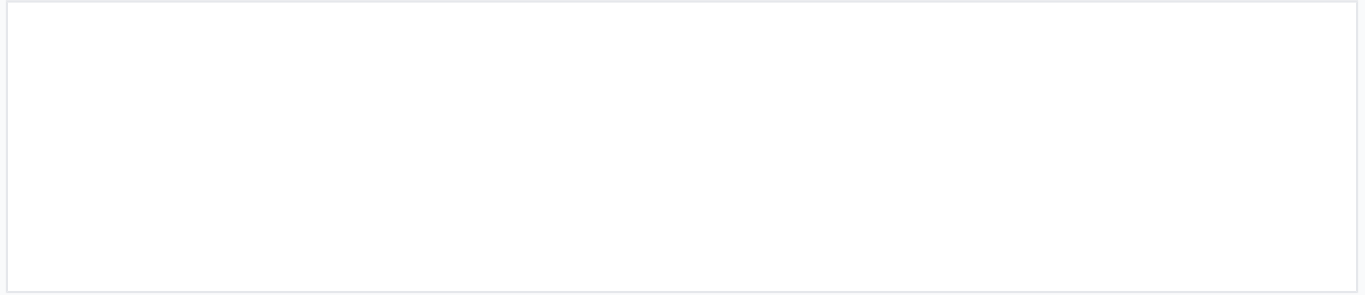

225 kg

Load Capacity

15 deg

Climbing Angle

Technical Specifications

Available Speed Settings

- 25 km/h
- 30 km/h
- 45 km/h

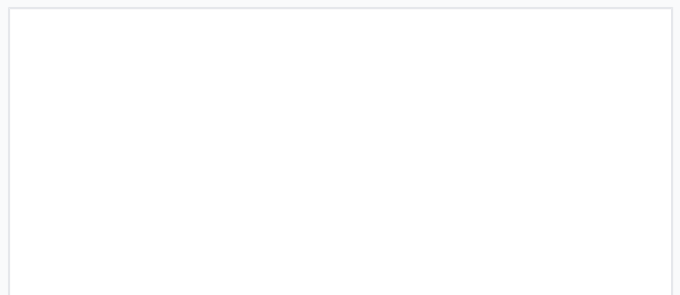

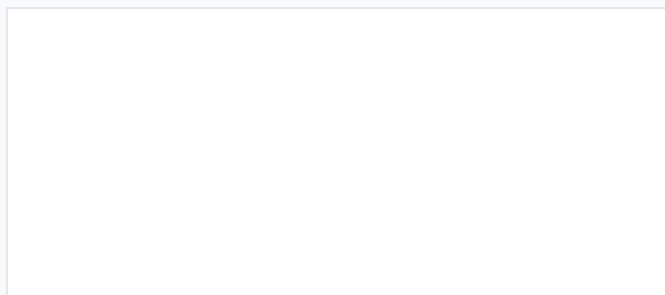

Charging Specifications

Parameter	Value
Charging Time	8 hours
Input Voltage	110V/220V
Output Current	DC74V/7.0A

Vehicle Dimensions

2270 x 1130 x 1500 mm

Features

Available Colors

Dark Blue • Black • Silver • Black/Red • Black/White

Safety & Comfort

EEC Certified, Safety View Video, Extra Long Wiper, LED Rear Lights, Enclosed Cabin
