Overview

High-Performance EV Battery Charger

This 600W professional-grade battery charger is engineered for electric motorcycles, scooters, and e-bikes. Supporting versatile battery chemistries including Li-ion, LiFePO4, and lead-acid, it provides reliable power management with a 7A output current. Designed for global compatibility, it features a durable aluminium alloy build and essential safety certifications for consistent, long-term operation.

Electrical Specifications

Output Voltage & Current

84 V

Voltage

7 A

Current

Output Power

600 W

Input Voltage Range

110-132VAC, 200-264VAC

Compatibility

Ideal Applications

- Electric Motorcycle
- Electric Scooter
- E-bike

Supported Battery Types

Li-ion, LiFePO4, Lead Acid

Physical & Mechanical

Dimensions	173 x 90 x 63 mm
Net Weight	1.1 kg
Housing Material	Aluminium Alloy

Compliance & Support

Certifications	CE
Warranty	12 Months
