

Electric Water Kettle with Automatic Shut-Off

This electric kettle is designed for boiling water quickly and efficiently. It features a plastic body, a water level indicator, and an automatic shut-off function for safety.

Product Overview

Efficient Boiling Solution

This electric water kettle offers a reliable 1.7-liter capacity, making it an ideal choice for both home and office environments. Designed for efficiency, it features a powerful heating element ranging from 1850-2200W for rapid boiling. With safety features like automatic shut-off and a clear water level indicator, it combines convenience with essential functionality for daily use.
