Overview

High-Capacity Electric Material Handling

This electric wheelbarrow offers a robust and efficient solution for material handling, designed to transport heavy loads with ease. With a powerful electric motor and high-capacity battery, it eliminates manual effort, making it ideal for construction, landscaping, and agricultural sites. Its durable construction, ergonomic design, and variable speed controls ensure stability, precise maneuverability, and increased productivity in demanding environments.

Performance & Power

Motor Power

800 W

Motor Power

Battery Specifications

- 48v Voltage
- 42Ah Capacity

Forward Speed

0-6 km/h

Capacity & Dimensions

Load Capacity	300 kg
Hopper Capacity	160 L
Total Weight	120 kg

Technical Details

Wheel Specifications

Wheel Type	Specification
Drive Wheels	16x6.50-8
Steer Wheels	5.00-6

Model Number	QTP530
