

# Electric Wire Rope Hoist 500/1000kg Capacity

Electric hoist is designed for lifting heavy loads in industrial and construction environments. It features a robust construction and a user-friendly control pendant, with a lifting capacity of 500kg and 1000kg.

## Product Overview

### High-Performance Electric Wire Rope Hoist

This versatile electric wire rope hoist is engineered for demanding industrial and construction lifting tasks. Featuring a dual-capacity design, it safely handles 500kg loads on a single line and up to 1000kg on a double line configuration. With a robust 1700W motor and a durable 12m anti-twist cable, this unit provides reliable performance and controlled lifting speeds for professional environments.

## Performance Metrics

### Rated Capacity

**500 kg**

Single Line

**1000 kg**

Double Line

### Lifting Height

**12 m**

Single Line

**6 m**

Double Line

### Lifting Speed

**10 m/min**

Single Line

**5 m/min**

Double Line

## Technical Specifications

|                   |                |
|-------------------|----------------|
| Motor Power       | 1700 W         |
| Voltage/Frequency | 220-230V, 50Hz |
| Duty Cycle        | S3 20% 10min   |

## Cable Details

### Cable Specifications

| Feature    | Specification |
|------------|---------------|
| Length     | 12m           |
| Diameter   | 1/8 inch      |
| Type       | Anti-twist    |
| Resistance | e250kg        |

## Logistics

|                     |                 |
|---------------------|-----------------|
| Shipping Dimensions | 58 x 28 x 35 cm |
| Weight (Gross/Net)  | 38kg / 36kg     |
