Product Overview

Versatile KCD Electric Hoist

The KCD electric wire rope hoist is a robust lifting solution engineered for both ground and aerial applications. Designed for reliability in construction, warehousing, and manufacturing environments, it offers stable operation for lifting materials in residential, commercial, and industrial settings. With its high hoisting height and flexible installation options, it serves as an optimal tool for loading, unloading, and material handling tasks at any angle.

Technical Specifications

Available Load Capacities

- 300/600 kg
- 500/1000 kg
- 1000/2000 kg

Power Supply

380V

Typical Applications

Construction, Warehousing, Manufacturing, Residential Building, Mining

Features & Safety

Operational Features

Remote Control Operation • Durable Steel Cable • Robust Motor Housing • Safety Hook Included • Sturdy Mounting Frame

Operating Environment

Suitable for both indoor and outdoor use
