Product Overview

High-Performance Electric Planer

This 1200W electric wood planer is engineered for both professional and DIY woodworking projects, offering robust performance for efficient material removal. It features a precision depth adjustment knob and a durable base plate to ensure smooth, consistent planing results. Designed with ergonomics in mind, the comfortable handle allows for extended use with greater control and ease.

Technical Specifications

Power Performance

1200 W
Power

15000 rpm
No Load Speed

Electrical Requirements

230-240V / 50Hz

Cutting Capabilities

Key Features

- Fast depth adjustment
- Three chamfering depth settings
- Ergonomic handle design
- Durable base plate

Cutting Depth	3.5 mm
Rabbeting Depth	15.5 mm
Planing Width	110 mm

Logistics & Physical

Net Weight	4.7 kg
