

# Electric Yogurt Maker for Home Use

This electric yogurt maker is designed for home use. It features a transparent lid to monitor the yogurt-making process and a simple on/off switch.

## Product Overview

### Fresh Homemade Yogurt Simplified

This electric yogurt maker is designed for efficient, home-based production, allowing for fresh yogurt in any season. Featuring a compact design with a transparent cover, it offers easy monitoring of the fermentation process. Its reliable PTC heater ensures precise temperature control, providing a cost-effective and time-saving solution for healthy homemade snacks.

## Technical Specifications

Power Consumption	20 W
Input Voltage	100-240V 50/60Hz
Capacity	1 L
Key Features	PTC Heater, Automatic Thermostat, Transparent Cover, Precise Temperature Control
