

Electrical Steam Iron for Garment Care

This electrical steam iron is designed for efficient garment care. It features a durable soleplate and adjustable temperature settings.

Overview

High-Performance Garment Care

This electrical steam iron is designed for efficient and effective garment care, featuring a durable soleplate for smooth gliding across various fabric types. It offers versatile steam options, including normal, burst, spray, and vertical steam, ensuring powerful wrinkle removal for stubborn creases. With an ergonomic design and safety features like an automatic shut-off, this iron provides both comfort and peace of mind during extended ironing sessions.
