

Electronic Bread Maker Mould

This electronic bread maker mould is designed for baking various types of bread. It features a user-friendly control panel with a digital display and multiple buttons for selecting different baking programs and settings.

Product Overview

Professional Baking Performance

This electronic bread maker mould is engineered for consistent, high-quality baking results. Featuring a modern, compact design, it is built for durability and ease of maintenance. The intuitive control panel and digital display allow for precise selection of baking programs, making it an essential tool for efficient bread production.

Technical Specifications

Device Type	Electronic Bread Maker
Color	Black

Features

Usability

- Multiple baking programs
- User-friendly interface
- Easy to clean design

Durability

High Durability • Easy Maintenance

Control Interface	Digital Display, Push-button Controls
