

Elevator Waterproof Push Button Switch with Red Button

This waterproof push button switch is designed for elevator applications. It features a red button for clear indication and easy operation.

Product Overview

Specializing in production of buttons and indicators since 1997

High-durability waterproof switch design with red actuator.

Industrial Push Button Switch

This waterproof push button switch is designed for reliable operation in demanding electrical control systems, including elevator applications. Built with high-grade anti-flam plastic and zinc alloy, it features specialized silver alloy contacts for excellent erosion resistance. The unit complies with international safety standards and offers a robust design with high impact and vibration resistance.

Electrical Specifications

Rated Insulation Voltage	600 V
Thermal Current	10 A
Max AC Operating Voltage	660 V
Max DC Operating Voltage	400 V

Environmental Durability

IP Rating	IP65 • IP66 • IP67 • IP68
Operating Temperature	-5°C to +55°C

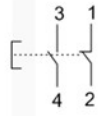

Mechanical Specifications

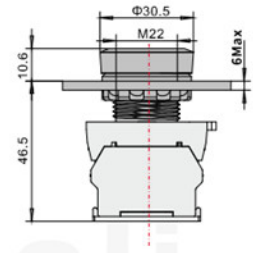

XDL32-CAZ45

Flush push button
Latching
IP65

N/O+N/C

● Black	XDL32-CAZ25
● Green	XDL32-CAZ35
● Yellow	XDL32-CAZ55
● Blue	XDL32-CAZ65
● Red	XDL32-CAZ45

Standard panel mounting dimensions for easy installation.

Mechanical Life

3000000 ops

Standard Button

300000 ops

Emergency Button

Fastening Torque

0.8 Nm

Compliance and Standards

International Standards

- IEC60947-5-1
- GB/T14048.1
- GB14048.5
