Product Overview

Versatile Multi-Function Emergency Device

The MJ-16 is a comprehensive emergency and entertainment companion, integrating an AM/FM radio, Bluetooth speaker, and MP3 player into one portable unit. Engineered for versatility, it features a built-in LED flashlight and an SOS alarm system to ensure reliability during outdoor adventures or unexpected emergencies. With its compact design, multi-alarm functionality, and rechargeable lithium-ion battery, this device provides essential utility for both daily use and crisis preparedness.
