

Enclosed Cabin Cargo Tricycle

This tricycle is equipped with an enclosed cabin for the operator and a covered cargo area. Its three-wheel configuration provides stability for urban transport and delivery applications.

Product Overview

Enclosed Cabin Cargo Tricycle

This versatile enclosed cabin cargo tricycle is engineered for reliable urban transport and delivery services. Featuring a robust chassis with a single front wheel and dual rear wheels, it offers superior stability and load-carrying capacity. Its flexible engine configuration options make it adaptable to various regional power requirements and operational needs.
