

End Mill Grinder 6-20mm with ER25 Collets

This end mill grinder is designed for ball end mills. Grinding is accurate, rapid, and easy, requiring no special skills.

ADDITIONAL IMAGES

Overview

Specialized grinder for precision sharpening of ball end mills.

Robust construction designed for stability and consistent grinding results.

Precision Grinding Solution

This specialized grinding machine is designed for the accurate and rapid sharpening of ball end mills. It simplifies the grinding process, requiring no advanced operator skills to achieve professional results. Built with high-quality components, it ensures long service life and precise cutting angles for optimal tool performance.

Technical Specifications

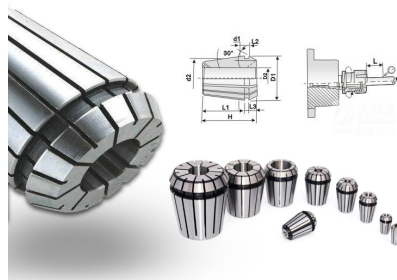

1. Power switch 2. Right hand grinding wheel 3. Right hand grinding wheel cover
 4. Front grinding wheel 5. Grinding table plate 6. Motor 7. Motor base 8. Motor base plate
 9. Motor base plate 10. Motor base plate 11. Motor base plate 12. Motor base plate
 13. Motor base plate 14. Motor base plate 15. Motor base plate 16. Motor base plate
 17. Motor base plate 18. Motor base plate 19. Motor base plate 20. Motor base plate
 21. Motor base plate 22. Motor base plate 23. Motor base plate 24. Motor base plate
 25. Motor base plate 26. Motor base plate 27. Motor base plate 28. Motor base plate
 29. Motor base plate 30. Motor base plate 31. Motor base plate 32. Motor base plate
 33. Motor base plate 34. Motor base plate 35. Motor base plate 36. Motor base plate
 37. Motor base plate 38. Motor base plate 39. Motor base plate 40. Motor base plate
 41. Motor base plate 42. Motor base plate 43. Motor base plate 44. Motor base plate
 45. Motor base plate 46. Motor base plate 47. Motor base plate 48. Motor base plate
 49. Motor base plate 50. Motor base plate 51. Motor base plate 52. Motor base plate
 53. Motor base plate 54. Motor base plate 55. Motor base plate 56. Motor base plate
 57. Motor base plate 58. Motor base plate 59. Motor base plate 60. Motor base plate
 61. Motor base plate 62. Motor base plate 63. Motor base plate 64. Motor base plate
 65. Motor base plate 66. Motor base plate 67. Motor base plate 68. Motor base plate
 69. Motor base plate 70. Motor base plate 71. Motor base plate 72. Motor base plate
 73. Motor base plate 74. Motor base plate 75. Motor base plate 76. Motor base plate
 77. Motor base plate 78. Motor base plate 79. Motor base plate 80. Motor base plate
 81. Motor base plate 82. Motor base plate 83. Motor base plate 84. Motor base plate
 85. Motor base plate 86. Motor base plate 87. Motor base plate 88. Motor base plate
 89. Motor base plate 90. Motor base plate 91. Motor base plate 92. Motor base plate
 93. Motor base plate 94. Motor base plate 95. Motor base plate 96. Motor base plate
 97. Motor base plate 98. Motor base plate 99. Motor base plate 100. Motor base plate

Detailed view of machine components including feed plates, grinding wheels, and adjustment controls.

Model	MR-X8
Grinding Diameter Range	6 mm
Max Grinding Diameter	20 mm
Rotational Speed	4400 rpm
Power Supply	220V/250W
Dimensions	60 x 29 x 37 cm
Weight	40 kg

Equipment & Compatibility

Precision collet chuck set designed for secure tool holding and accurate centering.

Grinding Wheel Compatibility

Wheel Type	Material Application
SDC (Standard)	Carbide
CBN (Optional)	HSS

Standard Equipment

- Ball grinding wheel (SDC)
- Front grinding wheel (SDC)
- Collet chuck
- 8-piece collet set

Included Collets	!6, !8, !10, !12, !14, !16, !18, !20
-------------------------	--------------------------------------
