

# End Mill Sharpener PG-X5

This end mill sharpener is designed for industrial sharpening applications. It accurately grinds end mills with 2, 3, 4, and 6 flutes.

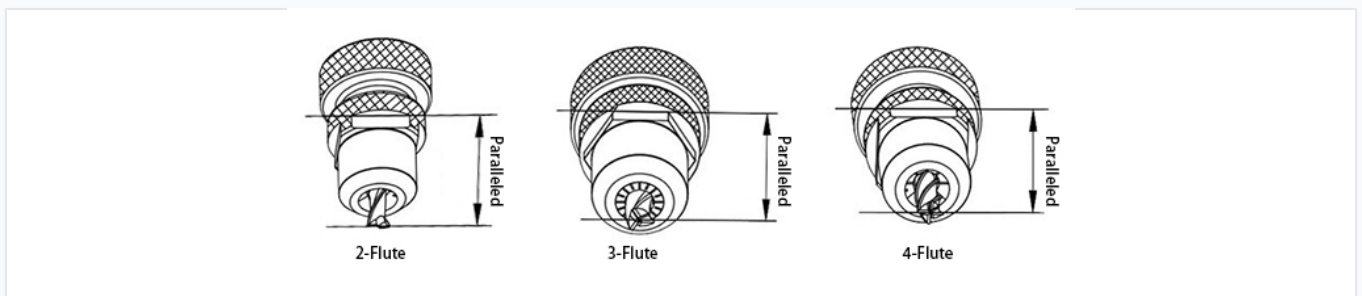

## Product Overview

## Industrial Precision Sharpening

This end mill grinder is engineered with heavy-duty materials to provide a reliable solution for industrial milling and sharpening requirements. It offers a cost-effective alternative to frequent tool replacement by delivering rapid, accurate sharpening results. Designed for ease of use, it allows operators to achieve professional-grade edge geometry without requiring extensive specialized skills.

## Technical Specifications

### Performance Metrics

**4800 RPM**

Grinding Speed

**250 W**

Power Consumption

**28 kg**

Total Weight

<b>Compatible End Mills</b>	2-flute, 3-flute, 4-flute, 6-flute
<b>Supported Diameter Range</b>	∅12mm - ∅30mm
<b>Point Angle</b>	0° - 5°

## Equipment Details

Grinding Wheel  
(Grind the Face)\*1

Collets\*10

Fixture Group \*2

### Standard Package Contents

- 1x CBN Grinding Wheel (for HSS)
- 10x Collets (!12to !30range)
- 2x Collet Chucks

### Machine Dimensions

40 x 28 x 31 cm
