Overview

Robust and Versatile Lighting Solution

This bulkhead light is engineered for durability and energy efficiency, making it an ideal choice for diverse indoor and outdoor environments. Its sealed construction provides reliable protection against dust and moisture, while the robust design ensures resistance to impacts. Designed for easy installation, this fixture offers uniform illumination with a wide beam angle, effectively minimizing shadows and glare in corridors, stairwells, and parking areas.

Technical Specifications

Performance Metrics

6 W

Low Power Option

18 W

High Power Option

2160 lm

Max Lumen Output

Model Variants

Power	Lumen Output	Dimensions
6W	480lm	Ø80*116.5mm
12W	960lm	Ø95*144mm
18W	2160lm	Ø105*162mm

Input Voltage	100-250V / 175-250V
Material	PP

Features

Durability Features

- Impact resistant construction
- Sealed design against dust and moisture
- Long lifespan
- Energy efficient operation

Suitable Applications

Corridors, Stairwells, Warehouses, Parking Areas, Indoor, Outdoor
