

Energy-Efficient Compact Fluorescent Lamp (CFL)

This compact fluorescent lamp (CFL) is designed for energy-efficient lighting. It features a U-shaped tube configuration and a standard screw base for easy installation.

Product Overview

Energy-Efficient Lighting Solution

This compact fluorescent lamp (CFL) is designed for high-efficiency lighting in both residential and commercial environments. Featuring a U-shaped tube configuration, it is engineered to provide optimal light output while prioritizing energy conservation. Its standard screw base ensures compatibility with a wide range of existing fixtures for easy installation.

Technical Specifications

Lamp Type	Compact Fluorescent Lamp (CFL)
Design Features	U-shaped tube, Standard screw base, Energy-efficient

Applications

Recommended Use

- Residential lighting
- Commercial lighting
- Energy conservation projects
