## Overview

### Energy-Efficient General Lighting Solution

This high-efficiency LED tube is designed for reliable general illumination in commercial, industrial, and residential settings. It features a robust construction with a white diffuser to ensure uniform light distribution and minimal glare. With a long 15,000-hour lifespan and intelligent brightness control via standard switches, it offers an excellent, energy-saving replacement for traditional fluorescent tubes.

## Technical Specifications

Power Consumption	18 W
Luminous Efficacy	90-120 lm/w
Supported Voltages	185-265V, 100-240V, 220-240V
Base Type	G13

## Performance & Features

### Performance Metrics

**15000 Hours**

Lifespan

**60 %**

Brightness Control

### Dimming Features

- Switch-controlled brightness
- No extra hardware required
- 0-60% brightness adjustment
- Response time < 1 second
