

# Engine Cylinder Head Gasket for Mazda B3

This engine cylinder head gasket is designed for Mazda B3 engines. It provides a reliable seal between the engine block and cylinder head, ensuring optimal combustion and preventing leaks.

## Product Overview

### High-Performance Engine Gasket

This engine cylinder head gasket is precision-engineered to provide a reliable seal between the engine block and the cylinder head. Designed specifically for Mazda B3 engines, it ensures optimal combustion and prevents critical leaks of oil, coolant, and exhaust gases. Constructed from durable asbestos material, this gasket is built to withstand the high temperatures and pressures of demanding engine environments.

## Compatibility

Engine Model	B3
Fuel Compatibility	Diesel, Gasoline

## Technical Details

OEM Number	B302-10-271
Overhaul Full Set Reference	8ABL/F/J-10-271
Material	Asbestos
