

Engine Cylinder Head Gasket for Peugeot

This cylinder head gasket provides a reliable seal between the cylinder head and engine block in Peugeot vehicles. It is constructed from durable materials to resist high temperatures and pressures.

Product Overview

High-Performance Engine Sealing Solution

This precision-engineered cylinder head gasket is designed for compatibility with a range of Peugeot diesel and gasoline engines. Constructed from durable graphite and asbestos materials, it ensures a reliable seal between the cylinder head and engine block to prevent leaks. Engineered to withstand high temperatures and pressures, this component maintains optimal engine performance and longevity.

Compatibility & Fitment

Compatible Models	Peugeot
Engine Model	P405

Technical Specifications

Materials	Graphite • Asbestos
OEM Reference Number	0209-06
Overhaul Full Set Reference	0198-42
