

Engine Cylinder Head Gasket for Suzuki F5A

This cylinder head gasket is designed for Suzuki F5A engines. It ensures a tight seal between engine components, preventing leaks and maintaining optimal engine performance.

Product Overview

High-Performance Engine Gasket

This high-performance gasket is precision-engineered for Suzuki diesel and gasoline engines, specifically compatible with the F5A engine model. It is designed to ensure a tight, reliable seal between critical engine components, effectively preventing leaks and maintaining optimal engine performance. Built for durability, this gasket offers excellent resistance to the high temperatures and pressures typical of demanding engine applications.

Compatibility & Fitment

Engine Model	F5A
Compatible Fuel Types	Diesel, Gasoline

Technical Specifications

OEM Reference Numbers

Component	OEM Part Number
Cylinder Head Gasket	11141-76201/100/001
Overhaul Full Set	11400-78823/8/42

Material	Graphite / Asbestos
