Product Overview

High-Performance Engine Oil Filtration

This oil filter is engineered to remove contaminants from engine oil, ensuring optimal performance and longevity. Designed to meet or exceed OEM specifications, it provides reliable protection against wear and damage caused by abrasive particles. Its robust construction offers efficient filtration, maintaining oil cleanliness and preventing premature engine failure.

Technical Specifications

OEM Reference	B6Y1-14-302
Compatible Vehicle Series	MAZDA
Filter Type	Spin-on
Country of Origin	China
