

Engine Powered Agricultural Sprayer

This portable sprayer is engine-powered and designed for agricultural and industrial use. It features a high-capacity tank and adjustable nozzle for spraying various liquids.

Product Overview

Professional Engine-Powered Sprayer

This portable, engine-powered sprayer is engineered for both agricultural and industrial applications. It features a high-capacity tank for extended operation times and a robust engine designed to maintain consistent pressure during use. With an adjustable nozzle for versatile spraying patterns, it is suitable for applying pesticides, herbicides, fertilizers, and cleaning solutions in demanding environments.

Performance & Application

Key Features

- Engine-powered operation
- Adjustable nozzle patterns
- High-capacity tank
- Durable construction

Primary Use Case

Agricultural • Industrial

Suitable For

Pesticides, Herbicides, Fertilizers, Cleaning Solutions
