

EU Plug AC/DC Power Adapter 9V/12V/24V 1A/2A

This AC/DC power adapter is designed for European (EU) electrical standards and supports multiple voltage outputs, including 9V, 12V, and 24V, with current ratings of 1A and 2A. It can deliver up to 24W of power, specifically offering a 12V output at 2000mA.

Product Overview

Versatile Multi-Voltage Power Solution

This high-performance AC/DC power adapter is engineered for versatility and safety in diverse electronic applications. Featuring a robust design with overcharge and short-circuit protection, it ensures reliable power delivery while maintaining cool and quiet operation. The unit includes a comprehensive set of 12 interchangeable tips, making it a flexible solution for telecom equipment, computers, and home electronics.

Technical Specifications

Maximum Output Power

18 W

Output Power

Connector Details

- 5.5mm x 2.1mm main connector
- 12 included interchangeable adapter tips

Input Voltage Range

100-240V AC, 50/60Hz

Safety & Compliance

Safety Certifications

UL Approved, Overcharge Protection, Short Circuit Protection

Compatibility

Applications

- Computers
- Telecom equipment
- Audio/Video equipment
- Blood pressure monitors (specific models)
