

Evaporative Air Cooler with Ice Crystal Boxes

This evaporative air cooler provides a rapid cooling system. It features high-efficiency cooling pads, a dust filter, and includes ice crystal boxes for enhanced cooling.

Product Overview

Efficient Cooling Solution

This evaporative air cooler provides efficient cooling by utilizing the natural process of water evaporation. It features a multi-speed fan, adjustable louvers for directional airflow, and a large water tank for extended operation. Designed for portability with caster wheels, it is ideal for providing a comfortable and cool environment in homes and offices.

Performance Metrics

Air Flow

6000 m³/h
Air Flow

Applicable Area

40 m²

Technical Specifications

Power Consumption	120 W
Voltage/Frequency	220V/50Hz
Water Tank Capacity	35 L
Control Options	Mechanical, Remote Control

Dimensions and Logistics

Product Dimensions	500 x 350 x 950 mm
Weight (G.W./N.W.)	11.5 kg / 9.6 kg
Carton Size	540 x 375 x 915 mm
Loading Capacity (40HQ)	364
