

# Evaporative Air Cooler with Remote Control

This evaporative air cooler is designed for personal or small space cooling. The slim, tower-style unit utilizes water evaporation to cool the air and includes a remote control and casters for mobility.

## Product Overview

### Efficient Evaporative Cooling

This evaporative air cooler offers a versatile cooling solution featuring a water pump sprinkling cycling system. Designed for comfort, it includes a humidifier function and an anion generator for enhanced air purification. With multiple wind modes and speeds, it provides personalized airflow for various environments.

## Technical Specifications

Power Consumption	60 W
Water Tank Capacity	5 L
Net Weight	7 kg
Dimensions (LxWxH)	355x275x740mm

## Operational Features

### Wind Modes

- Normal
- Natural
- Sleeping

### Wind Speeds

- High
- Medium
- Low

Timer	7.5 hours
Airflow Direction	Automatic left-right swing, Manual up-down adjustment

## Logistics

### Container Load Capacity

Container Type	Capacity
40' GP	810
40' HQ	938
