Overview

Efficient Air Quality Management

The HCX-H607T evaporative humidifier is designed to create a comfortable and healthy indoor environment by maintaining optimal air moisture levels. Featuring a sleek, minimalist design, this unit utilizes an efficient wick filter system to deliver consistent performance in spaces ranging from 20 to 30 square meters. With advanced features like UV degerming, anion generation, and a user-friendly top-fill design, it offers a sophisticated solution for both home and office air quality management.

Performance & Capacity

Key Performance Metrics

480 ml/h
Mist Output

6 L
Water Capacity

30 sqm
Max Coverage

Technical Specifications

Voltage Range	110V / 240V 50~60Hz
Power Consumption	23 W
Water Filling Method	Top water filler
Housing Material	ABS plastic
Unit Dimensions	280 x 280 x 450 mm

Features & Functionality

Smart Features

WiFi Optional

Core Functions

Humidity Control, Fogmeter, Timer, Anion, UV Degerming, Child Lock

Logistics

Packing and Logistics

Metric	Details
Packing Size	66 x 66 x 56 cm
Units per Carton	4 pcs
1x40HQ Capacity	1048 pcs / 262 ctns
