Product Overview

High-Efficiency Evaporative Cooling

This portable evaporative air cooler is designed to deliver powerful, refreshing airflow for indoor environments ranging from 20 to 45 square meters. Utilizing advanced evaporative technology, it offers an energy-efficient cooling solution with a substantial 40-liter water tank for extended operation. Its mobile, tower-style design ensures easy placement and effective air distribution up to 15 meters, making it an ideal choice for offices, workshops, and commercial spaces.

Performance Metrics

Max Airflow

7000 cbm/hr
Airflow

Air Supply Distance	15 m
Max Wattage	190 W

Water System

Water Tank Capacity	40 L
Water Consumption	3-5 L/hr

Physical Specifications

Overall Size	450 x 390 x 1240 mm
Net Weight	19.5 kg

Logistics

Recommended Area	20-45 m2
Qty per 40'HQ	295
