Overview

Versatile 3-in-1 Evaporative Cooling Solution

This portable air cooler combines cooling, humidification, and air purification into a single high-performance unit designed for spaces between 30 to 35 square meters. Featuring a pure copper motor and a large diameter axial flow wind wheel, it delivers powerful airflow with low noise levels. With intelligent remote control, multiple wind modes, and a 24-hour timer, it offers a customizable and energy-efficient alternative to traditional air conditioning.

Key Performance

Key Performance Metrics

3500 m³/h

Airflow

40 L
