

Evaporative Portable Air Cooler with Remote Control

This air cooler provides efficient cooling through water evaporation. It features adjustable louvers for directional airflow, multiple fan speed settings, and a water tank for extended operation.

Product Overview

Efficient Evaporative Cooling

This portable evaporative air cooler is designed to provide efficient and effective cooling for personal or small spaces. Utilizing a paper cooling pad for enhanced evaporation, it offers an energy-efficient alternative to traditional air conditioning. With convenient features like a remote control, timer settings, and an integrated ionizer, it ensures a comfortable and clean air environment.

Technical Specifications

Power Consumption	80 W
Water Tank Capacity	6 L
Model Number	TJ-XKL-10A

Performance & Features

Key Performance Metrics

7.5 hours

Timer Duration

3 levels

Speed Settings

3 modes

Wind Modes

Advanced Features

Remote Control, Ionizer, Paper Cooling Pad

Logistics & Packaging

Logistics Data

Metric	Value
Carton Dimensions	33.5 x 29.5 x 70.5 cm
40HQ Container Load	919 PCS
