Product Overview

Heavy-Duty Excavator Wear Parts

This range of high-strength bucket teeth and lip shrouds is engineered for demanding mining and excavation environments. Designed to protect the bucket lip from abrasion and impact, these components enhance penetration and material handling performance. Precision-manufactured for a secure fit, they help reduce downtime and extend the operational life of heavy machinery buckets.

Compatibility

Supported Excavator Series

R974, R984, R9250, R9350, R994

Component Inventory

Available Wear Components

- Bucket Teeth
- Tooth Pins
- Tooth Adapters
- Wing Shrouds
- Corner Wear Shoes
- Wear Bars
- Wear Blocks
- Wear Buttons
- Cutting Edges

Technical Specifications

Key Part Categories

Tooth S95SD • Tooth S95RS • Pin S95RPN • Adapter 6806-S95 • Shroud KLR02MB • Runner KLL01MB • Base KLB01MB • Lock VIDA IB150

Available Hydraulic Spares

- Bucket Cylinder
- Boom Cylinder
- Arm Cylinder
- Lifting Cylinder
- Clamp Cylinder
- Water Radiator
- Oil Radiator
- Oil Cooler
- Muffler
