

Excavator Bucket Tooth with Pin and Adapter

This excavator bucket tooth offers high wear resistance for enhanced production efficiency. Its durable construction provides high reliability and fatigue resistance in demanding environments.

Product Overview

High-Performance Excavation Components

This durable bucket tooth system is engineered for superior digging performance and maximum wear resistance in demanding applications. Designed for reliability, the set includes the tooth point, locking pin, and adapter to ensure a secure fit and prolonged service life. It is an ideal solution for heavy-duty earthmoving operations, including construction and mining.

Compatibility

Supported MTG Series

- D Series
- E Series
- EX Series
- V Series
- F Series
- W Series
- P Series

Compatible Brands

CAT • CASE • JOHN DEERE • KOMATSU • HITACHI • SUMITOMO • KOBELCO • KUBOTA • YANMAR • KATO • DOOSAN • HYUNDAI • VOLVO • JCB • SANY • LIUGONG • LONKING • XCMG • SHANTUI

Equipment Types

Excavators, Loaders, Bulldozer Rippers
