Product Overview

Professional Hazardous Location Lighting

This explosion-proof LED recessed canopy light is engineered for high-stakes environments such as gas stations, stadiums, and other industrial hazardous locations. The unit features a robust design with a large heat dissipation area, ensuring an extended operational lifespan and consistent performance under demanding conditions. With advanced anti-glare technology and optimized light distribution, it provides safe, reliable, and high-quality illumination for critical infrastructure.

Technical Specifications

Available Power Ratings

- 60W
- 80W
- 100W
- 120W

Series Identifier

FT Series 9923

Key Features

Performance Highlights

120 W
Max Power

60 W
Min Power

Core Capabilities

Explosion-Proof, Recessed Mount, Anti-Glare, High Light Distribution, Enhanced Heat Dissipation

Application Areas

Recommended Use Cases

Gas Stations • Stadiums • Hazardous Locations • General Area Lighting
