

Explosion-Proof Limit Switch

This explosion-proof limit switch is designed for use in hazardous environments. It prevents explosions by containing any sparks or heat generated within its enclosure.

Product Overview

DLXK Series Explosion-Proof Limit Switch

The DLXK Series is a robust and reliable limit switch engineered specifically for hazardous environments. Designed to contain sparks and heat within its enclosure, it ensures safety in potentially explosive atmospheres. This switch is suitable for critical position detection in industries such as oil and gas, chemical processing, mining, and manufacturing.

Electrical Ratings

| | |
|-------------------|-------|
| AC Voltage Rating | 380 V |
| AC Current Rating | 3 A |
| DC Voltage Rating | 220 V |
| DC Current Rating | 0.2 A |

Certifications & Standards

Explosion-Proof Rating
Ex d II CT6

Mechanical Specifications

Typical Industries

- Oil and Gas
- Chemical Processing
- Mining
- Manufacturing

| | |
