

# Extendable Car Window Cleaning Tool with Brush and Scraper

This car window cleaning tool is designed for efficient cleaning and maintenance of vehicle windows. It features an adjustable head with a microfiber cleaning pad and squeegee, along with an extendable handle for comfortable use.

## ADDITIONAL IMAGES

## Product Overview

### Versatile Winter Window Maintenance

This dual-purpose car window cleaning tool is engineered for efficient winter maintenance, combining snow removal and glass cleaning capabilities in one extendable unit. It features a durable ice scraper and soft-bristle snow brush on one end, with a swiveling cleaning head on the other for streak-free visibility. Designed for ease of use, the ergonomic foam-grip handle ensures comfort during cold-weather operations.
