Product Overview

Professional 2-in-1 Cleaning Solution

This versatile window cleaning squeegee features a dual-sided design that combines a high-performance rubber blade with a mesh sponge scrubber. Engineered for efficiency, the head pivots 180 degrees to reach difficult angles, while the extendable handle ensures you can clean high windows or large windshields with ease. It is a perfect tool for professional cleaners, car wash facilities, and residential maintenance tasks.

Design and Build

Key Features

- 2-in-1 multi-purpose head
- 180-degree pivoting mechanism
- Extendable handle for extended reach
- Mesh sponge for deep scrubbing
- Streak-free rubber squeegee blade

Suitable Applications

Household Cleaning, Car Wash, Professional Janitorial, Windshield Maintenance

Performance Metrics

Operational Performance

Component	Function
Mesh Sponge	Removes stuck dirt; lint-free and swirl-free
Rubber Blade	Removes excess water for streak-free drying
Pivoting Head	180-degree adjustment for versatility
