

Fabric Shaver with Lint and Fuzz Remover

This handheld electric shaver removes fabric pills, fuzz, and lint from clothing. It features a rotating blade system behind a protective mesh and a detachable collection container.

Product Overview

Professional Fabric Care Solution

This compact, handheld electric fabric shaver is expertly designed to revitalize textiles by efficiently removing pills, fuzz, and lint. Featuring a high-performance rotating blade system protected by a precision mesh, it safely restores the appearance of clothing and upholstery. Its ergonomic handle ensures ease of use, while the detachable debris collection container allows for simple maintenance and quick cleanup.
