

Factory Overview Video

This video provides a detailed look at a factory's facilities and manufacturing processes. It includes exterior shots of the buildings, parking areas, and surrounding landscape.

Company Overview

Manufacturing Facility Profile

Our production facility spans a 32,000 square meter built-up area on an 80,000 square meter site, strategically located for efficient logistics. With over 50 years of manufacturing experience, our operations integrate the entire production process, from raw material analysis to final testing. Our team of 400 professionals, including 20 specialized technicians and engineers, is dedicated to maintaining high-quality standards and innovative design solutions.

Operational Metrics

Total Staff	400
Technicians and Engineers	20
Built-up Area	32000 sqm

Capabilities

Compliance Standards

- GB
- MSS SP-70/SP-71/SP-85
- DIN3352
- DIN3356
- BS5150
- BS5153
- BS5163

Product Range	Gate Valves, Globe Valves, Check Valves, Ball Valves, Butterfly Valves, Air Release Valves, Strainers
