

Fiber Handle Axe for Chopping and Splitting

This axe is designed for general purpose chopping and splitting tasks. It features a forged steel head for durability and a comfortable grip.

Product Overview

Professional Chopping and Splitting Axe

This fiber handle axe is engineered for versatile performance in both chopping and splitting applications. Featuring a durable, forged steel head, it ensures long-lasting reliability and efficient cutting power. The ergonomically designed fiber handle provides a superior balance between strength and weight, helping to reduce user fatigue during extended use while maintaining excellent control.

Technical Specifications

Head Material	Forged Steel
Handle Material	Fiber
Primary Applications	Chopping, Splitting, General Purpose

Features

Key Features

- Forged steel head for enhanced durability
- Sharpened blade for efficient cutting
- Ergonomic handle design for reduced fatigue
- Optimized weight-to-strength ratio
