

Fiber Rope Mooring Reel for Marine Vessels

This mooring reel is designed for efficient and safe storage of fiber ropes on marine vessels. Constructed from robust steel, it features a large-diameter drum to minimize rope stress and maximize service life.

Overview

Heavy-Duty Mooring Reel

This mooring reel is engineered for the efficient storage and deployment of fiber ropes and steel wires on marine vessels. Constructed from robust steel plate and piping, it is designed to withstand harsh maritime conditions while ensuring organized and safe mooring operations. The large-diameter drum design helps minimize rope stress, effectively extending the service life of your mooring lines.

Construction

Material Composition	Steel Pipe, Steel Plate
----------------------	-------------------------

Specifications

Supported Reel Types

Mooring Fibre Wire • Bond Cable • Steel Wire Rope

Fiber Rope Diameter Range	30 mm
---------------------------	-------

Fiber Rope Max Diameter	72 mm
-------------------------	-------

Model Data

Model Specifications

Type	Model No	Wire Rope Dia (mm)	Length (m)
Type A	AW13	13	120
Type A	AW17	17	190
Type A	AW21	20.5	180
Type A	AW26	26	190
Type A	AW32	32	190
Type B	B39	39	210
Type B	B48	47.5	230
Type C	C56	56	300
