

Film and Bottle Crushing Machine

This crushing machine is designed for processing PE, PP films, and PET bottles and sheets. It is available in multiple models with varying power and capacity.

Overview

High-Performance Industrial Crushing Solutions

This series of industrial crushers is engineered for high-efficiency processing of PE and PP films, as well as PET bottles and sheets. Designed for heavy-duty recycling operations, these machines offer a range of power options from 30kW to 75kW to suit various production scales. With robust construction and specialized feeding dimensions, they ensure consistent throughput and reliable material reduction for professional plastic recycling facilities.

Performance Highlights

2000 kg/h
Max Capacity

75 kW
Max Power

6000 kg
Max Weight

Material Compatibility

Supported Materials

PE Film, PP Film, PET Bottles, PET Sheets

Film Crusher Specifications

PS-1020 Model Details

Parameter	Value
Power	45kW
Feeding Dimension	1020x380mm
Production Capacity	800-1200kg/h
Weight	1600kg

Bottle & Sheet Crusher Specifications

YL Series Model Comparison

Model	Power	Feeding Dim.	Capacity	Weight
YL-750	30kW	750x500mm	800kg/h	2600kg
YL-720	45kW	720x650mm	1200kg/h	3200kg
YL-1200	75kW	1200x800mm	1800-2000kg/h	6000kg

Maintenance

Included Accessories

- Knife sharpener

Service Features

Sharpening Tool Included
