

# Five-Spoke Matte Black Alloy Wheel for Off-Road Vehicles

This alloy wheel features a five-spoke design with a matte black finish and silver accents. Constructed from lightweight alloy, it provides enhanced performance and durability for off-road vehicles.

## ADDITIONAL IMAGES

## Product Overview

### Rugged Performance and Timeless Style

This five-spoke alloy wheel features a one-piece cast construction designed to maximize stiffness while reducing overall weight. Inspired by classic styles, the deep concave profile is specifically engineered for pick-up truck enthusiasts and the SUV/CUV segment. Its durable build and bold matte black finish make it an ideal choice for demanding off-road applications.
