Product Overview

Professional Head and Neck Protection

This flame-resistant balaclava is engineered to provide essential defense for the head and neck in hazardous industrial environments. Constructed from a high-quality Aramid blend, the fabric offers reliable thermal protection against arc flash burns and potential fire hazards. Designed for comfort and durability, it features an ergonomic fit suitable for extended wear in demanding sectors such as electrical utilities, oil and gas, and petrochemical operations.

Material & Construction

Material Composition	Aramid blend
Key Features	Flame Resistant, Anti-static, Breathable, Ergonomic Design

Sizing & Fit

Color Options

- Navy
- Customized

Size	One size fits all
------	-------------------

Safety & Compliance

Protection Against

- Arc flash burns
- Flame hazards
- Sparks

Recommended Industries

Electrical Utilities • Oil & Gas • Petrochemical • Welding • Firefighting
