

Flat Screen CRT Television with Integrated Speakers

This flat screen CRT television comes with integrated speakers on either side of the screen. Its design incorporates a silver and white color scheme, basic control buttons, and a rotary dial.

Product Overview

Integrated Entertainment Solution

This flat screen CRT television offers a reliable and streamlined entertainment experience, combining a classic display technology with built-in audio capabilities. Designed with a flat screen profile, it effectively minimizes glare and image distortion for improved viewing clarity. The unit features integrated speakers on either side, providing a compact, all-in-one solution for professional or residential environments.
